

Statement:

“Vera grew up amidst her father’s art, saw his sheep grazing in the meadow and decided to do something with wool herself. The tactility of wool inspired her and soon it became her new language. For more than 25 years, Vera Vermeersch has had a hand-tufting workshop in which beautiful and colourful carpets are created. They are a stimulation for the mind and a pleasure for the eyes.”

Enkele samenwerkingen en creaties:

‘Tapijt 2004’, Courtesy The Maarten Van Severen Foundation. Colour design by MVS Studio: Maarten Van Severen & Fleur Swildens, 2004
